Nossa história

A nossa história é escrita pela sua rotina. Tudo o que criamos aqui na Decorplast Pedreira nasce de um olhar atento para a vida real. Mais do que transformar o plástico em utensílios, transformamos dedicação em soluções que levam ordem, cor e praticidade para dentro das casas e negócios. Nosso caminho é trilhado com os pés no chão e o olhar no futuro. Acreditamos que a verdadeira excelência nasce da humildade em aprender e da coragem de inovar todos os dias. Por isso, cada peça deste catálogo é o resultado de um processo que valoriza as pessoas e busca, incansavelmente, a perfeição prática. Nossa evolução é constante porque nossa escuta é ativa. Trabalhamos com transparência e ética para ser o braço direito dos nossos parceiros, entregando não apenas objetos, mas a confiança de uma indústria que assume a responsabilidade por cada detalhe. Estamos aqui para estar com você: tornando o cotidiano mais bonito e cada parceria mais sólida.

Missão

Nossa missão é produzir utensílios plásticos de qualidade, com design funcional e preço acessível, de modo que possamos tornar o dia a dia das pessoas mais prático e bonito, gerar lucratividade sustentável para nossos parceiros e criar oportunidades de crescimento para quem faz parte da Decorplast.

Ser reconhecida como uma das indústrias de utensílios domésticos plásticos mais organizadas, inovadoras e desejadas do mercado. Cresceremos de forma sustentável, consolidando uma cultura que valoriza pessoas, performance e melhoria contínua.
